

New practical Single Carriage Three System Motorized Feeder

As the professional manufacture, we would like to provide you new practical single carriage three system motorized feeder. And we will offer you the best after-sale service and timely delivery. Drive and control integrated servo motor, yarn carrier with independent control, real-time, faster, more stable. Support 32 yarn feeders that are automatically arranged.

Qianglong is one of the famous new practical single carriage three system motorized feeder manufacturers and suppliers in China. Qianglong is a high-tech private enterprise mainly engaged in the design, development and manufacture of knitting machinery in Zhejiang Province. Over the past 35 years, we have been focusing on the production and development of new practical single carriage three system motorized feeder. With our rich professional experience and strong technical support, we have established a relatively complete marketing network and after-sales service system. After years of scientific research and development and market development, our single carriage three system motorized feeder has covered China, Europe, Africa, South America, Argentina and other multinational fields, and is favored by domestic and foreign customers. The new practical single carriage three system motorized feeder can automatically calculate the parking position of the yarn nozzle, no need for the machine head to kick the yarn, greatly saving the weaving trip. Servo flexible algorithm, fast start and stop, precise position.

Product Parameter:

Gauge	5G、7G、8G、9G、10G、12G、13G、14G、15G、16G、18G、357G
Carriage	Single Carriage, Three System
Knitting Range	44" /52" /60" /66 " /72" /80'7100"

Specifications and Coonfigurations Should Be Subjected To The Contract.
